Transcription notes

- 1. Typed transcription of a scanned certified copy of the Hisar Collector Rate list for 2001-2002.
- 2. A blank rate cell means the original printed '----' or left the space empty — it is not a zero.
- 3. Serial numbers 159 and 203 do not appear in the original document; the numbering skips them.
- 4. Several previous-rate figures in the original are handwritten rather than printed; these are noted in Remarks.
- 5. Rows marked **DOUBTFUL** (yellow highlight, red remark) were not clearly legible in the scan — verify these against the original record before relying on them.
